

Hill of Oaks are helping protect The Lake District

Help us protect  the places you love to visit

We know you, and so many of our other guests, care about the beautiful places you love to visit here in Cumbria. We do too! And that's why we're proud to be a Visitor Giving business. Donations from lovely people like you make a huge difference, helping nurture the magical landscapes and wildlife that make the Lake District so special.

EXPERIENCE the RIVER

This year the money you give will be supporting Experience the River. South Cumbria Rivers Trust work with local school children giving them the chance to visit and learn about river habitats and the creatures that live beneath. Why not take a stroll by the water and see what you can spot?

You can also donate by sending a **TEXT**
